Following is Cuban portion Khrushchev statements to KNOX October 24. Knox has so far accepted Department's advice not to reveal substance conversation to press. It being closely held here.

Khrushchev said except in wartime, blockade illegal. If US stopped and searched Soviet ships, this would be piracy. Khrushchev repeated several times Soviet ships unarmed, some may turn around and some may be stopped; sooner or later USSR would send its subs to sink ships stopping Soviet ships. US now unable take over Cuba. Khrushchev stated specifically that USSR had anti-aircraft missiles in Cuba as well as ballistic missiles, latter with both conventional and nuclear warheads. All sophisticated weapons under 100% Soviet control. They would be fired only in defense Cuba and then only on personal instructions Khrushchev as Commander-in-Chief Soviet Armed Forces.
